

To recognize and reward exceptional accomplishments in the production and performance of musical theatre in local high schools

2019 JUST BORN EDUCATION/COMMUNITY IMPACT AWARD APPLICATION

Thanks to a generous donation by JUST BORN, the school that is awarded the Education/Community Impact FREDDY® Award, will also receive a cash award of \$1500, to be directed to the school's musical theater program.

The JUST BORN Educational Community Impact Award is awarded to the school that best connects its musical production to one of two areas. 1. **Academic Study** (i.e. connecting a production of **Ragtime** to history or cultural studies within the classroom) or 2. **Community Project** (i.e. sharing those connections with the community outside of the classroom.) Please be specific regarding teaching methods, strategies for involving the broader community (within or outside of the school), and the anticipated outcome of these efforts.

Please attach any support materials, student essays, newspaper articles, etc.
