## Musical Theatre

### Songs and Monologues

- Two contrasting songs that show both your acting and vocal range and ability: One up tempo and one ballad.
  - One of those selections should feature the entire song while the second should be a 32 bar cutting (which number is in its entirety and which is a cutting is the candidate's choice). Selections should be memorized for performance.
  - Please know the shows from which you are choosing the songs to show your understanding of the character and motivations behind the song.
  - A **one-minute monologue** fully-realized and memorized.

### Dance

1. Prepare a 20 to 30 second jazz or musical theatre combination, original or from MT repertoire
2. Perform a double pirouette
3. Perform a triple time step
